Canada to send 1,000 more troops to aid Haiti

Haiti Crisis

RELIEF Another 1,000 Canadian soldiers are preparing to depart for Haiti to provide relief and security as anger, desperation and the death toll from last Tuesday's earthquake mount

The troops from 3rd Battalion, Royal 22nd Regiment (Vandoos) based at Canadian Forces Base Valcartier in Quebec will be involved in peacekeeping and reconstruction. Defence Minister Peter MacKay said yesterday.

"The situation in Haiti is grave and fragile and in the aftermath of the devastating earthquake a lack of basic needs such as food and clean water are causing stress and anger amongst the local population,' MacKay said

The capital of Port-au-Prince was teetering on the brink of chaos, pushed closer to the edge by a deteriorating security situation and a relief effort that many Haitians feel has been too slow in coming.

The Quebec-based troops will complement 500 soldiers aboard two navy vessels expected to reach Haiti early this week, as well as 200-plus members of Canada's Disaster Assistance Response Team, who are also deploying. Two Canadian Forces Hercules and two C-17 heavy-lift aircraft, along with a helicopter contingent, are also operating in Haiti, delivering supplies and evacuating Canadians, Officials estimate more than 200 Canadian Forces personnel are already on the ground. Chiarelli set to announce plans

Former Ottawa mayor Bob Chiarelli is set to announce his "future plans" this morning at a meeting at Ben Franklin Place. Chiarelli is rumoured to be interested in running for mayor again. After serving as regional chair of Ottawa-Carleton and then as mayor of Ottawa from 1997 to 2006, Chiarelli came in third behind Alex Munter and current Mayor Larry O'Brien in the last election. Chiarelli has also stated that he may run in a provincial byelection in Ottawa West-Nepean. That seat would be vacated by Jim Watson, who is also running for mayor. **METRO OTTAWA**

No extra space for show: Manager

TRADE SHOWS Sexapalooza is doing well, but in the third year of the show, manager Liz Lewis would like to see it grow a bit bigger. But there are challenges, she said.

The salons at Lansdowne Park are getting too cramped for the 15,000 people who came to the show this weekend. There is no room to grow and the new plan for Lansdowne Park has no trade show space at all.

In its three years in Ottawa, Lewis said the event bounced back strongly after the bus strike, terrible weather and a recession combined for a sophomore slump.

The show, she said, is about promoting healthy sexuality, which makes the information component very important. Ten per cent of the booths are set aside for non-profit groups devoted to education.

Panel cut controversy in new citizenship guide

REVIEW Dozens of significant changes were made to Canada's new citizenship guide before its splashy debut last November, some apparently to dampen controversy.

An internal summary of edits proposed by a group of distinguished Canadians suggests the process was partly driven by the politics of language, religion and ethnicity.

The blue-ribbon panel grappled, for example, with the touchy issues of

Indian residential schools, Quebec's heritage, the historic role of Acadians, and relations between church and state.

Dutch to build ship shelved by Ottawa

The Dutch have set in motion plans to build a multipurpose supply ship for their navy, becoming the first country to capitalize on Canadian ideas and innovations in maritime ar-

The Netherlands' Defence Materiel Organisation, and Damen Schelde Naval Shipbuilding, have signed a contract to build a 28,000-tonne joint support ship, similar in size and capability to one Ottawa has been wanting to construct for six years but can't seem to get going.

Last week, Ottawa was unable to deploy its existing East Coast naval replenishment ship, HMCS Preserver, for relief operations in Haiti because the more than 40vear-old vessel was stripped down for a life-extending regovern-

ment shelved the Canadian navy's own \$2.9-billion supply ship replacement program in 2008 when the bids came in far above the project's approved budget envelope.

fit, set to begin in April.

Senior defence officials say they hope to get the replacement ship program back on track this year, but could not give any specific timetable for the release of a request for proposals.

The Dutch, who've followed the Canadian program closely, want a ship that can resupply other warships, transport vast stores of army equipment and vehicles, but also act as

a floating headquarters and hospital if necessary.

Having a ship that can do all of those things is not only a necessity in a small navy, but more expensive than single-purpose vessels.

Since the Canadian program was shelved, the navy has had to go back to the drawing board. Defence officials say some of the transport capacity is being sacrificed in order to keep the program within budget.

The Dutch, on the other hand, intend to construct their ship along the lines of the original plan envisioned by the Canadians.

Canadian navy and defence observers say they're frustrated by the level of progress they have observed in Canada.

Haiti Crisis

Drumbeats called the faithful to a Sunday Mass praising God amid a scene resembling the Apocalypse — a collapsed cathedral in a city cloaked with the smell of death, where aid is slow to reach survivors and rescue crews battle to pry an ever-smaller number from the ruins.

As worshippers met for their first Sunday services since the 7.0-magnitude quake, many Haitians were still waiting for food and water and some took vengeance against looters.

Haitians seemed increasingly frustrated by a seemingly invisible government—some setting bonfires in a downtown street to burn the bodies authorities have been unable to remove.

Obama asks Bush, Clinton to head relief funds effort

Haiti Crisis

HAITI Many consider George W. Bush's mishandling of relief efforts following the August 2005 hurricane Katrina as the moment when Americans turned on him.

And yet now the former U.S. president is spearheading efforts along with Bill Clinton to raise funds for the victims of the Haitian earthquake.

U.S. President Barack Obama announced Saturday the 42nd and 43rd presidents of the United States would lead a bipartisan effort to raise private funds for Haitian relief.

The two men — who became friends during Bush's presidency, said Bush —

appeared together on a number of Sunday morning talk shows following pre-taped White House interviews a day earlier.

But as is usually the case in the U.S., even natural disasters are quickly politicized. One of the most popular conservative commentators in the United States, Rush Limbaugh, is refusing to back down from his accusation that Obama is trying to score political points from the Haiti earthquake.

Branded buses, naughty ads and censorship

ds on buses and bus shelters keep casting our transit authorities in the role

of censors and arbiters of er's thighs and buttocks. public morality.

The latest collision be-tween profit and propriety played out in Calgary and Mississauga over bus shelter ads for Virgin Mobile depicting humans and winged angel-like beings making out under the slogan, "Hook Up Fearlessly."

Transit authorities objected to the placement of the couples' hands on each oth-

We had our own outburst of tsk-tsking in Ottawa over intentionally Virgin's provocative ads for its classic rock station, depicting pregnant women and advising, "Lock Up Your Daughters," as the "gods of rock" were in town, apparently keen on putting Ottawa womenfolk in the condition depicted. Virgin Radio, after reaping much free publicity, pulled the ads.

And then there was the initial prohibition, subsequently reversed, on those atheist bus ads advising, "There's probably no God. Now stop worrying and enjoy your life."

Calgary and Toronto had already run the ads, but OC Transpo decided they were too much for Ottawa.

For all this keen concern over public sensibilities,

though, there is no question as to the propriety of ads in general, of pimping public property to the highest bidder.

I'm not fundamentally opposed to ads (they pay for the paper you're reading) but I sometimes wonder whether it's right for taxpayer-supported services to be thus branded, thereby adding to the corporate clutter of our increasingly

ad-saturated public spaces.

The sad fact is public transit is an expensive service, and we seem unwilling to pay its full cost. Maybe by the very act of selling the surfaces of our transit system we've already estab-lished what we are. Now we're just haggling over the details.

Concrete tips for rock-solid relationships

Today, tips on how to create the perfect romantic part-nership. Or, Personal Relationships and Standards of Behaviour: Is it possible to have both?

Recently, my partner Liz and I decided to have some work done to our basement wall. Before making this decision, we had this conversation:

Liz: We need to have the

Me: The wall is fine.

Liz: It's leaking. Me: Think of it as a "water feature."

Liz: There's fungus growing. (This was actually true) Me: Organic mushrooms.

We'll start a home business. Liz: Look, either we get it fixed now, or we look forward to putting "indoor pool" on the listing when we sell this place.

Me: (Prepared to tackle the problem immediately .. or three weeks later when the first thaw set in.) OK.

When it comes to the concrete (this is a pun, of course) issues of life, Liz and I have different ideas of what is acceptable. Liz sets the bar high. Me ... not so much.

The fact is, Liz and I are a perfect example of the old adage, "Opposites attract."

So, what's the best way to deal with differences in standards?

One method is the "My partner has to change now" approach. There is a term for people who favour this method. "Divorced."

Method No. 2 is to follow this easy-to-use system.

1. Identify where your personal bar is set. My friend Marlene has what she calls a "standards scale."

Marlene: I expect an 80 per cent standard of per-formance from my staff, 70 per cent from my husband, 95 per cent from my car and Me: You expect more from

your car than your spouse? Marlene: I drive a BMW. 2. Identify where your

partner's bar is set. Generally, this will be "As

far away from mine as possible and how can anyone live that way, anyway?'

3. Accept that you're stuck with this.

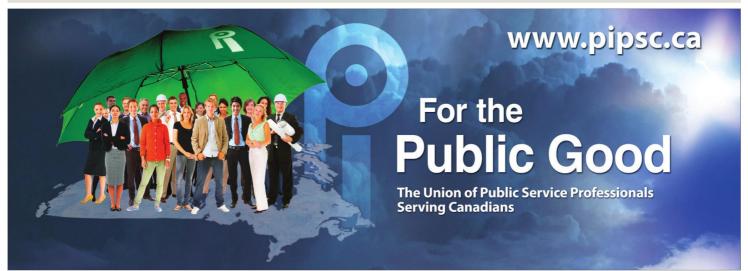

Because, in the end, what I've learned from being with Liz is this: Great relationships are like a dry basement. They just don't happen without a little work.

Rail plan sparks protests

HONG KONG A controversial \$8.6-billion plan to link Hong Kong to China's national high-speed rail network won approval from local lawmakers Saturday, leading to scuffles between police and protesters opposed to the project.

The measure to build the railroad to connect Hong Kong to the mainland system passed the Chinese territory's legislature 31-21, ac-

Hong Kong officials, however, say most of the public supports a project they say will offer a big economic boost to the territory.

Take Five

Potato and Camembert Bake

INGREDIENTS

1 1/2 lb (750 g) pre-washed baby new potatoes 4 bacon slices 4 scallions, sliced 1/2 round of Camembert cheese, 1/2 lb (250 g) 1/2 cup (125 mL) 10% cream

1. Preheat oven to 440°F (230°C). Cook potatoes in pot of boiling water 12-15 minutes or until tender. Drain thoroughly and tip into greased, shallow ovenproof dish. 2. While potatoes are cooking, snip bacon into thin strips using kitchen scissors Put into cold. nonstick frying pan and cook over high heat until

crispy. Remove from pan

with slotted spoon. Mix scallions with cooked bacon.

3. Cut half-round of cheese in half horizontally to make two semicircles. Score rind in criss-cross pattern to help cheese to

4. Scatter bacon and onions over potatoes. Season with ground black pepper, then pour over cream. Set cheese on top, rind side uppermost, then bake 7-10 minutes or until melting and bubbling. Serve piping hot.

Avoiding your RSPs?

\$10,000 says we can change that.

Introducing The \$10,000 RSP Giveaway*

Right now, getting a Second Opinion from a *Scotia*® advisor can help get your retirement plan back on track. And then some.

From now until February 28th 2010, you'll also have a chance to win \$10,000 to top up your RSP.

Your *Scotia* advisor will find ways to make your regular RSP contribution work its hardest, with the right blend of investments for you. And the sooner you come in to speak with us, the more chances you'll have to win in our weekly draws.

scotiabank.com/rspgiveaway

You're richer than you think.

Scotiabank ScotiaMcLeod Scotia Private Client Group

* The \$10,000 RSP Giveaway (the "Contest") commences at 12:00 a.m. (ET) on January 18, 2010 and ends at 11:59 p.m. (ET) on February 28, 2010. No purchase is necessary. The Contest is open to all legal residents of Canada who have reached the age of majority in their province of residence at the time of entry, except employees of The Bank of Nova Scotia and Carlson Marketing (and persons domiciled with them and immediate relatives). There will be 12 prizes awarded, each consisting of a Registered Retirement Savings Plan (RSP) contribution of ten thousand dollars (\$10,000.00 CAD) to each winner's Scotia RSP. The chances of winning depend on the total number of eligible entries received during the Contest period. Answering of a skill testing question is required to be officially declared a winner.
